### <u>Business Report</u>

(From April 1, 2011 to March 31, 2012)

### 1. Matters Concerning Current State of Group Operations

### (1) Business Conditions and Results

Although the Japanese economy was severely affected by the Great East Japan Earthquake, which struck on March 11, 2011, it has sustained a moderate recovery driven primarily by domestic demand.

Since the earthquake, while Japan's energy market has sought to address shortages of electrical power in the Tokyo metropolitan area as a short term challenges and the question to the nature of Japan's energy supply from a medium- to long-term perspective, society's expectations for natural gas have increased, because of the economic efficiency, stability of supplies, convenience, and environmentally friendly nature of natural gas. Against the backdrop of this economic situation and operating environment, the Tokyo Gas Group formulated 'The Tokyo Gas Group's Vision for Energy and the Future-Challenge 2020 Vision-' (the 'Challenge 2020 Vision'), under which the Group is implementing 'Enhancing the LNG Value Chain' by enhancement of added value and expansion of the areas covered. Through these efforts, the sales volume of gas increased from the previous

Through these efforts, the sales volume of gas increased from the previous year. In addition, sales revenue from gas grew as a result of an adjustment to gas unit prices under the raw material cost adjustment system. As a result, consolidated sales rose by 14.3% from the previous year to \$1,754,257 million.

On the other hand, operating expenses rose by 18.7% year on year to \$1,677,181 million, because of high costs of gas as a raw material due to a rise in crude oil prices and the increased costs resulting from actuarial differences for retirement benefits, despite the Group's utmost efforts to restrict expenses and realize even better efficiency. Consequently, operating income decreased by 37.1% year on year to \$77,075 million and ordinary income decreased by 37.8% year on year to \$75,620 million. Meanwhile, net income in this fiscal year under review declined by 51.8% year on year to \$46,060 million after posting an extraordinary income, including a gain on sales of noncurrent assets of \$3,010 million; extraordinary losses, such as a loss on reduction of noncurrent assets of \$3,977 million; and income taxes-current.

We would like to report the review of results by operating segment, as follows.

### 1) City Gas Sales

Total customer numbers rose by 116 thousand during this fiscal year, to 10,855 thousand as of March 31, 2012. Gas sales volume increased by 3.0% year on year to 15,190,158 thousand cubic meters.

Of this aggregate volume, the volume of household-bound gas sold increased by 0.5% year on year to 3,537,509 thousand cubic meters as the household demand increased mainly for hot water and air-heating as a result of low temperatures in the winter. However, the household demand for hot water decreased in the spring because of high temperatures. The volume of business-bound gas sold (for commercial, public and medical uses) stood at 2,826,567 thousand cubic meters, down 7.1% year on year, because of decreased demand for air conditioning during a relatively cool summer and reduced operation of existing facilities from the effects of the earthquake and energy-conservation activities. The volume of industry-bound gas sold increased by 9.9% year on year to 6,855,861 thousand cubic meters due to higher utilization rates at existing facilities, combined with increased demand for power

generation associated with the effects of the earthquake and the full-year operations at Ohgishima Power Station Unit 2. The Group's wholesale supplies to other gas suppliers stood at 1,970,221 thousand cubic meters, up 1.2% year on year, due to increased wholesale customers demand driven by a relatively cold winter.

Net sales of the City Gas Sales segment increased by 14.9% year on year to \$1,306,262 million as a result of an adjustment to unit prices under the raw material cost adjustment system in addition to an increase in the gas sales volume.

### 2) Gas Appliances and Installation Work

Sales of installation work increased due to an impact from an increase in the number of new installations, while sales of gas appliances rose as a result of efforts to develop and market gas cooking, water-heating, and air-conditioning appliances that offer high levels of safety and excel in terms of their environmental friendliness, comfort, convenience, and economic benefits. As a result, overall net sales of the Gas Appliances and Installation Work segment increased by 5.7% year on year to ¥187,628 million.

### 3) Other Energies

In the Other Energy segment, net sales increased by 36.7% year on year to \$302,593\$ million, as sales related to the electricity business rose due to the effects of the earthquake and the full-year operations at the Ohgishima Power Station Unit 2.

### 4) Real Estate

In the Real Estate segment, net sales decreased by 9.5% year on year to 29,675 million due to a decrease in income from building rents.

### 5) Other

In the Other segment, net sales increased by 12.1% year on year to \$181,880 million due to an increase in sales related to the construction business.

### (2) Group Capital Expenditures

Total capital expenditures for this fiscal year amounted to \$146,413 million.

The total length of the pipeline network was extended by 1,001 kilometers during this fiscal year, to 59,575 kilometers as of March 31, 2012. Currently, New Negishi Line etc. are under construction.

### (3) Group Financing Activities

Our outstanding bond balance increased by \$10,001 million due to the issuance of the 34th and 35th unsecured bonds despite the redemption of the 21st unsecured bonds. Loans increased by \$31,660 million. As a result, consolidated interest-bearing liabilities increased by \$41,661 million compared with the previous year-end, to \$625,830 million.

### (4) Prospective Challenges

The Great East Japan Earthquake, which occurred on March 11, 2011, has brought sweeping social and economic changes in Japan and given rise to a number of issues. In particular, the resulting nuclear power plant issue and power supply shortages have once again called into question the nature of Japan's energy supply, 1) Enhancement of the energy security that supports safe and secure living; 2) Energy cost reduction to support the rapid reconstruction and sustained growth of Japan; and 3) Energy system innovation to support energy conservation and  ${\rm CO_2}$  emissions reduction are the prioritized issues.

Against this backdrop, the Tokyo Gas Group formulated 'Challenge 2020 Vision' in November 2011, and has implemented initiatives under the sincere wishes to seek contribute to solving the above issues through the spread and expansion of natural gas through the 'Enhancing the LNG Value Chain.'

<Reduce Raw Materials Prices and Expand Overseas Operations>
While taking into consideration the balance between supply stability, price, and flexibility, we seek further diversification and expansion of supply sources and overseas upstream projects and lower raw materials prices through involvement in unconventional gas, such as CBM (coal bed methane) and shale gas, and small- and medium-scale LNG projects. Combined with it, we construct an overseas LNG value chain through expanding the overseas Natural Gas-fired thermal power generation business and other businesses, pursuing overseas expansion of the energy services and engineering businesses, which leverage the Tokyo Gas Group's strengths.

### <Safe and Stable Supply of Energy>

We contribute to the enhancement of the energy security for the entire Kanto region through increasing the stability of the overall supply infrastructure by the construction of the Hitachi LNG Terminal while constructing production and supply infrastructure to cope with increases in gas demand. In addition, we make efforts to minimize areas subject to supply disruption when an earthquake occurs, and shorten the time for recovery. Moreover, we implement earthquake and tsunami countermeasures at LNG terminals and urban flood damage (such as localized torrential rain) countermeasures and others.

<Provide Energy Solutions Adapted to a Variety of Needs>
We spread and expand the use of distributed energy systems, such as ENE-FARM
and cogeneration systems, and gas equipment including gas air conditioning,
which contributes to peak saving, energy conservation, and CO2 emissions
reduction. We also promote to bring smart energy for home, office buildings
and plants, which enables an area-wide optimal use of energy through the
construction of a Smart Energy Network and utilization of smart meters.
Furthermore, we implement renewable energy initiatives and promotion for
advanced utilization of natural gas and fuel conversion as well as expansion
of Natural Gas-fired thermal power generation.

<Pursue Technical Development and IT Utilization with a Focus on the Future> With a view to the 2020s and beyond, we engage in developments of technologies relating to hydrogen and  $CO_2$ , and research and development relating to methane hydrate, and make efforts to enable closer communication with customers by using IT.

Through the above initiatives, the Tokyo Gas Group will satisfy the needs of customers, society, and the times and strive to realize 'a prosperous, fulfilling way of life,' 'competitive domestic industries,' and 'an environment-friendly society where people can live in peace of mind.' We will remain keenly aware of our corporate social responsibility and pursue

sustained growth for the Group by engaging in transparent, fair management while aiming for harmonious coexistence with local communities.

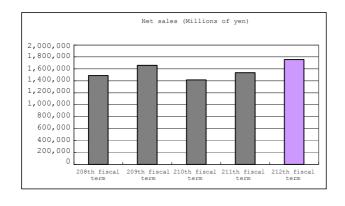

In addition, the Board of Directors resolved, at its meeting held on April 27, 2012, pursuant to the 'Policy on Determination of Dividends from Surplus and Others,' (for details, please refer to '7. Policy on Determination of Dividends from Surplus and Others' described later in this document), to set the ceiling on acquisition of own shares for FY2012 at \$5,000 million (or 14 million shares), and the Company acquired 12,796 thousand shares for \$4,999 million during the period from May 2 to May 15, 2012 by market transaction.

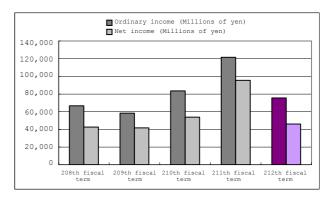

The Group will continue working to increase its corporate value and shareholder value and meet the expectations of both shareholders and customers. Toward that end, we will greatly appreciate your ongoing understanding and support.

# (1) Corporate structure and system for ensuring that Directors will execute their duties in conformity with the relevant acts, the Articles of Incorporation and other rules and regulations

1) The Company shall establish the 'Corporate Action Philosophy' and 'Our Code of Conduct' as the foundations of the compliance structure/system at the Company and its associated companies shall comply with them.

- 2) In order to ensure that its Directors and employees will comply with the 'Relevant Acts', the 'Management Principles', the 'Corporate Action Philosophy' and the 'Our Code of Conduct' the Company shall, pursuant to the provisions of the 'Business Ethics Committee Regulations', establish a Business Ethics Committee as a deliberating/coordinating organ to promote proper development/operation of the compliance structure and system at the Company and its associated companies.
- 3) The Company shall appoint an appropriate number of Outside Directors and Executive Officers in order to clarify separation of supervisory functions of management from executive functions of management and strengthen the managerial decision-making and supervisory functions of the Board of Directors.
- 4) The Company, in order to ensure objectivity and transparency of management, shall establish the advisory committee comprising Outside Directors, Outside Corporate Auditors and the Company's Directors as an advisory organ for deliberating on executive remuneration, etc.
- 5) The Board of Directors, pursuant to the provisions of the 'Regulations of the Board of Directors', shall establish the 'Basic policy on Development of Internal Control System for the Company and its associated companies'.
- 6) Directors charged with the execution of operations shall fulfill their role and responsibility for developing a system of internal controls in accordance with the basic policy determined by the Board of Directors.
- 7) The Company shall establish 'Regulations Concerning the Formulation, Implementation and Evaluation of Internal Controls Covering Financial Reporting' and, based on these Regulations, evaluate the effectiveness of internal controls relating to financial reporting and ensure the reliability of financial reports.
- 8) The Company shall establish 'Regulations Concerning Insider Trading Prevention and Timely Disclosure' and, based on these Regulations, prevent the practice of insider trading within the Company and its associated companies and ensure the appropriateness and promptness of information disclosure that is demanded of all listed corporations by the 'Securities Listing Regulations'.
- 9) Directors, if they discover any matter that may exert a material influence on management of the Company and its associated companies, shall inform the Board of Directors and Corporate Auditors of the said matter without delay.
- 10) The Company shall establish a corporate structure and system where Corporate Auditors would be empowered to audit the duties executed by Directors in accordance with the 'Corporate Audit Standards' established by the Board of Corporate Auditors.

### (2) Corporate structure and system for preserving and managing information relevant to execution of Directors' duties

1) The Company shall preserve and manage information relevant to execution of Directors' duties in a proper and secure manner according to preservation media and keep the said information available for inspection as needed, pursuant to the 'Document-handling Regulations' and the 'Information Security Management Regulations'.

### (3) Corporate structure and system for ensuring that Directors' duties will be executed in an efficient manner

1) The Board of Directors shall pass resolutions on the agendas submitted for deliberation and resolution pursuant to the provisions of the relevant acts, the Articles of Incorporation and the 'Regulations of the Board of Directors'. The Board of Directors, pursuant to the provisions of the said Regulations, shall in principle convene one meeting per month or convene one as needed. Of the agendas submitted to the Board of Directors, those agendas which require prior deliberations or are otherwise critical enough to affect management

- shall be deliberated on at the Management Committee comprising Executive President, Executive Vice Presidents and Senior Executive Officers.
- 2) Details of the persons in charge of executing operations based on the decisions of the Board of Directors, their responsibilities, and the relevant executing procedures shall be prescribed in the 'Regulations on Office Organization', 'Regulations on the Mission Statement', and 'Regulations on Official Responsibilities and Authorized Powers'.
- 3) The Representative Director shall report the status of operational execution to the Board of Directors pursuant to the provisions of the 'Regulations of the Board of Directors'.
- 4) The Board of Directors shall formulate medium— and long-term management strategies, etc., and, based on them, establish principal management objectives and verify progress periodically. The Board of Directors shall concurrently ensure that Directors execute their duties in an efficient and effective manner by setting annual objectives by operating unit and associated company and by managing operating performance.

### (4) Corporate structure, system and regulations on management of risks of loss

- 1) The Board of Directors shall establish "Risk Management Regulations" to promote the management of risks incurred by the Company and its associated companies, as well as a Risk Management Committee and a risk management unit. In addition, the Board of Directors shall specify Group material risks as important risks associated with executing operations by the Company and its associated companies, and review them annually.
- 2) All the units concerned with projects involving investments, equity participations, loans and debt guarantees shall evaluate their profitability and risks and, based on the said evaluation, submit the relevant agendas to the Management Committee or the Board of Directors for approval. Derivative transactions shall be executed pursuant to the provisions of the 'Regulations on Management of Market Risks'.
- 3) In the event of any unforeseen circumstance such as a natural disaster, a manufacturing/supply trouble and a state of emergency, all the units concerned shall cope with the said circumstance in a prompt and proper manner by putting predetermined structures and systems in place in accordance with the 'Regulations on Emergency Countermeasures'.
- 4) The Company shall establish a corporate structure and system that would cause each of its unit and associated companies to grasp risks associated with operational execution on its own, and manage such risks by formulating and implementing necessary countermeasures on its own.

# (5) Corporate structure and system for ensuring that employees will execute their duties in conformity with the relevant acts, the Articles of Incorporation, and other rules and regulations

- 1) In order to facilitate proper development/operation of the compliance structure and system within the Company and its associated companies, the Company shall establish a Compliance Department. In addition, the Company shall establish a 'Tokyo Gas Group Compliance Consulting Unit' to offer consulting services for the whole of the Company and its associated companies on contraventions of the acts and the Articles of Incorporation and other questionable compliance-related practices and acts.
- 2) The Company shall establish a legal affairs unit with the General Administration Department with a view to further bolstering the corporate structure and system in which it's Directors and employees will fully comply with the Antitrust Act, the Gas Enterprises Act, terms and conditions of gas supply, etc.
- 3) The Company shall establish a corporate structure and system where Corporate Auditors would be empowered to audit the status of development/operation of its compliance structure and system and, if they detect or discover any problem, they would be entitled to demand that the situation be ameliorated.

4) The Company shall establish an Internal Audit Department which must operate independently of any unit executing operations. The Internal Audit Department shall audit the status/operation of accounting, operations, compliance, information system and risk management in the Company and its associated companies in accordance with the 'Internal Audit Regulations', and shall report its findings to the Management Committee and Corporate Auditors.

### (6) Corporate structure and system for ensuring appropriateness of operations at the corporate group including associated companies

- 1) The Company shall demand that its associated companies establish those rules and regulations which would be necessary for ensuring compliance with the 'Corporate Action Philosophy' and the 'Our Code of Conduct' and the appropriateness of operations. Each one of the associated companies' Directors and Corporate Auditors shall assume the duty of due care and diligence of a good manager in ensuring the appropriateness of operations.
- 2) The Company shall prescribe 'Regulations on the Management of Associated Companies', and establish a corporate structure and system where its Directors would be empowered to manage its associated companies by approving and receiving reports on important matters including those related to its exercise of shareholder's rights vis-à-vis the associated companies. The Company shall retain part of its powers over associated companies' business operations.
- 3) The Company shall establish a corporate structure and system where, if for purposes of associated company management any of its associated companies is found to have a compliance-related problem including contravention of the acts or the Articles of Incorporation, the relevant associated company would be required to report such a problem to Compliance Department or other units of the Company as appropriate. In connection with the said problem, each one of the relevant associated company's Director and Corporate Auditors shall assume the duty of due care and diligence of a good manager.
- 4) If any of the Company's Directors detects or discovers any principal compliance-related problem at any associated company including contravention of the acts or the Articles of Incorporation, he/she shall report the said problem to the Management Committee and Corporate Auditors without delay.
- 5) The Company shall establish a corporate structure and system where its Corporate Auditors would be able to conduct their audits of associated companies in an efficient and effective manner in close coordination with Corporate Auditors of the relevant associated companies and Internal Audit Department. The Company shall also establish a corporate structure and system where, if audit findings reveal the presence of a problem in ensuring the appropriateness of operations of the whole of the Company and its associated companies, Corporate Auditors would be empowered to demand that the relevant Director ameliorate the situation.
- 6) The Company shall establish a corporate structure and system where Internal Audit Department would be able to conduct its audits of associated companies in an efficient and effective manner in close coordination with the Corporate Auditors of the Company and associated companies, and report its findings to the Management Committee, Corporate Auditors, and the Directors and Corporate Auditors of the relevant associated companies.

# (7) Matters related to employees who are assigned to assist in the duties of Corporate Auditors, and matters related to independence of the relevant employees from Directors

1) With the aim of providing its Corporate Auditors with necessary assistance, the Company shall establish a Corporate Auditors' Office

- staffed by full-time personnel who would operate independently of any unit executing operations.
- 2) The Board of Directors shall pass a resolution on appointment or dismissal of the manager of the Corporate Auditors' Office subject to consent of Corporate Auditors. The Board of Directors shall decide on human resources-related matters of the said manager and other employees subject to consent of Corporate Auditors.
- (8) Corporate structures and systems for reporting by Directors and employees to Corporate Auditors, for reporting to other Corporate Auditors, and for ensuring that Corporate Auditors' audits will be executed in an effective manner
  - 1) The Company shall establish a corporate structure and system where its Corporate Auditors would be able to demand, as needed, that Directors and employees inform them of any matters necessary for execution of their duties.
  - 2) The Company shall guarantee that Corporate Auditors will have an opportunity to exchange views with Directors as needed; that they will be allowed to attend principal meetings and express their views on lawfulness, etc. as needed; and that they will have access to important information.
  - 3) The Company shall establish a corporate structure and system where its Corporate Auditors would be able to ensure the effectiveness of their audits by coordinating with Independent Auditor, Corporate Auditors of its associated companies and Internal Audit Department.

### 7. Policy on Determination of Dividends from Surplus and Others

Based on "Challenge 2020 Vision" formulated by the Company, the Board of Directors resolved, at its meeting held on January 31, 2012, the following policy on dividends from surplus and others.

The Company will apply the cash flow it has generated based on "Challenge 2020 Vision" to investments in 'enhancing the LNG value chain,' which is aimed at new growth, and will simultaneously allocate the results of its management to the shareholders in an appropriate and timely manner.

Specifically, the Company has positioned acquisition of its own shares based on assumption of retirement, in addition to dividends, as a form of its return to the shareholders, and has set the targeted gross distribution propensity (the ratio of the amount of dividends and acquisition of its own shares to consolidated net income) at about 60% for each year until FY2020.

Moreover, by maintaining stable dividends, and comprehensively considering medium— and long-term profit levels, the Company will gently increase its dividends in line with growth.

(\*) n FY gross
distribution
propensity = (n FY total dividends) + (n+1 FY acquisition of own shares)
n FY consolidated net income

### 8. Basic Policy on Control of a Joint-Stock Corporation

Based on 'Challenge 2020 Vision,' the Company passed at the meeting of its Board of Directors held on January 31, 2012, a resolution on amendment of the 'Basic Policy on the Management Principles and Control of the Tokyo Gas Group' as follows:

The Tokyo Gas Group supplies city gas in a safe and stable manner to roughly ten million accounts of corporate and individual customers mainly in the greater metropolitan Tokyo region, and conducts businesses of extremely high public interest by offering the best possible mixture of various energies including gas, heat and electricity and their added values, and by helping customers lead a comfortable life and build environment-friendly cities. The Group makes it one of its fundamental principles to continue to grow while enjoying a constant trust of its customers and shareholders. On the strength of this management principle and medium— and long-term

On the strength of this management principle and medium— and long-term business strategy, it is the basic management policy of the Company to achieve stable long-term management and steady enhancement of corporate value by simultaneously allocating profits to its customers, shareholders and other stakeholders in a stable and balanced manner. The Company will distribute the financial returns to shareholders based on the 'Policy on Determination of Dividends from Surplus and Others' prescribed separately.

The Company, as a listed company, expects it could be posed by any party attempting to acquire a massive quantity of its shares or making a buyoff proposal, but whether to accept it should ultimately be determined by the intent of the entire body of the Company's shareholders. By looking at their purpose, method and others, however, the Company considers some of these massive share-purchasing attempts could damage its corporate value and joint interests of its customers and shareholders, and would find them to be inappropriate. In making this judgment, the Company would carefully examine impacts the relevant act of purchasing or buyoff proposal might have on the Company's corporate value and joint interests of customers and shareholders on the basis of the relevant purchaser's actual business operations, future business plans, past investment behavior, etc.

The Company considers 'increasing corporate value' is the most effective defensive measure against an act of inappropriate massive share-purchasing. At this particular time, no specific threat to the Company is being posed by buyoff, and the Company does not currently intend to have any specific predetermined measures (the so-called 'poison pills') in place. However, the Company does intend to constantly watch the conditions of the trading of its shares and will take immediate countermeasures as deemed appropriate if any party is found to be attempting to acquire a massive quantity of its shares.

We have audited the consolidated financial statements, comprising the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in net assets and the related notes of Tokyo Gas Co., Ltd. as at March 31, 2012 and for the year from April 1, 2011 to March 31, 2012 in accordance with Article 444-4 of the Companies Act.

### Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatements, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audit as independent auditor. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, while the objective of the financial statement audit is not for the purpose of expressing an opinion on the

effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position and the results of operations of Tokyo Gas Co., Ltd. and its consolidated subsidiaries for the period, for which the consolidated financial statements were prepared, in accordance with accounting principles generally accepted in Japan.

#### Other Matter

Our firm and engagement partners have no interest in the Company which should be disclosed pursuant to the provisions of the Certified Public Accountants  ${\tt Act}$  of Japan.

We have audited the financial statements, comprising the balance sheet, the statement of income, the statement of changes in net assets and the related notes, and the supplementary schedules of Tokyo Gas Co., Ltd. as at March 31, 2012 and for the year from April 1, 2011 to March 31, 2012 in accordance with Article 436-2-1 of the Companies Act.

### Management's Responsibility for the Financial Statements and Others

Management is responsible for the preparation and fair presentation of the financial statements and the supplementary schedules in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of financial statements and the supplementary schedules that are free from material misstatements, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements and the supplementary schedules based on our audit as independent auditor. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and the supplementary schedules are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements and the supplementary schedules. The procedures selected depend on our judgement, including the assessment of the risks of material misstatement of the financial statements and the supplementary schedules, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements and the supplementary schedules in order to design audit procedures that are appropriate in the circumstances, while the objective of the financial statement audit is not for the purpose of expressing an opinion on the effectiveness of the entity's

internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements and the supplementary schedules.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements and the supplementary schedules referred to above present fairly, in all material respects, the financial position and the results of operations of Tokyo Gas Co., Ltd. for the period, for which the financial statements and the supplementary schedules were prepared, in accordance with accounting principles generally accepted in Japan.

### Other Matter

Our firm and engagement partners have no interest in the Company which should be disclosed pursuant to the provisions of the Certified Public Accountants  ${\tt Act}$  of Japan.

### AUDIT REPORT

The Board of Corporate Auditors (the 'Board'), having deliberated on the audit reports prepared by Corporate Auditors on the execution of the duties of Directors for the 212th business year from April 1, 2011 to March 31, 2012, does hereby report on its audit findings as follows:

- 1. Method and Contents of Audit by Corporate Auditors and the Board
  - (1) The Board set the audit policy, audit plan, etc., debriefed Corporate Auditors on the status of execution and results of their audits, debriefed Directors and Independent Auditors on the status of execution of their duties, and requested explanations as needed.
  - (2) While maintaining proper communication with Directors, internal audit staff and other employees, Corporate Auditors executed their audits in the manner described below in conformity with the corporate auditors' audit standard established by the Board and in accordance with the audit policy, audit plan, etc. established by the Board.
    - 1) Corporate Auditors attended the meetings of the Board of Directors, the Management Committee and other important meetings of the Company, debriefed Directors and employees on the status of execution of their duties as needed, inspected important documents, and examined the status of business operations and properties at the head office and main business units.

      With respect to the subsidiaries, Corporate Auditors examined the status of
      - subsidiaries' operations and properties by maintaining proper communication with subsidiaries' Directors, Corporate Auditors, etc. and physically visiting some of them as necessary.
    - 2) Corporate Auditors and the Board examined the contents of the resolutions of the Board of Directors on the development of the corporate structure and system to ensure that execution by Directors of their duties conformed to the provisions of the relevant acts and the Articles of Incorporation and of the corporate structure and system which are prescribed in Article 100, Paragraphs 1 and 3 of the 'Enforcement Regulations of the Companies Act' as being necessary for ensuring the appropriateness of operations of a joint-stock corporation, as well as the status of the corporate structure and system (internal control system) put in place by the said resolutions.
      - With respect to internal control covering financial reporting, the Corporate Auditors debriefed the Directors and KPMG AZSA LLC on evaluation of the said internal control and status of audit and requested explanations as needed.
    - 3) Corporate Auditors further discussed the contents of the Basic Policy, prescribed in Article 118, Item 3 of the 'Enforcement Regulations of the Companies Act', stated in the Business Report based on deliberation at meetings of the Board of Directors and other occasions.

Notes: 1. There is no special interest between the nominees for Directors and the Company.

- 2. The nominees with an asterisk are nominees for Directors to be newly appointed.
- The nominees for Outside Directors are: Mr. Yukio Sato, Mr. Ryuichi Tomizawa and Mr. Yoshihiko Nakagaki.
- 4. Mr. Ryuichi Tomizawa plans to retire from the positions of Member of the Board of Mitsubishi Chemical Holdings Corporation and Outside Director of TAIYO NIPPON SANSO CORPORATION on June 26, 2012 and June 28, 2012, respectively.
- 5. Reasons for our nomination of these three individuals as Outside Directors and the tenures as the Outside Directors of the Company are as follows:
  - (1) Although Mr. Yukio Sato has not been involved in corporate management in ways other than being an Outside Officer, we propose that he be appointed as an Outside Director so that the Company can continue to make use of his cosmopolitan and broad outlook and deep insight nurtured in his career as a diplomat for years. Mr. Sato's tenure as an Outside Director of the Company will be two years as of the conclusion of this Annual Shareholders Meeting. The Company designates Mr. Sato as the 'Independent Officer' (Independent Director), who will not have conflicting interests with general shareholders, and notified him to the listing stock exchanges (Tokyo Stock Exchange, Osaka Securities Exchange and Nagoya Stock Exchange).
  - (2) We propose that Mr. Ryuichi Tomizawa be appointed as an Outside Director so that the Company can continue to make use of his cosmopolitan and broad outlook and deep insight nurtured by the aggressive overseas penetration of the chemical industry. Mr. Tomizawa's tenure as an Outside Director of the Company will be one year as of the conclusion of this Annual Shareholders Meeting. The Company designates Mr. Sato as the 'Independent Officer' (Independent Director), who will not have conflicting interests with general shareholders, and notified him to the listing stock exchanges (Tokyo Stock Exchange, Osaka Securities Exchange and Nagova Stock Exchange).
  - (3) We propose that Mr. Yoshihiko Nakagaki be appointed as an Outside Director to allow the Company to make use of his business management outlook nurtured by the various business development conducted at Electric Power Development Co., Ltd. (J-POWER), particularly with respect to electric power development and electricity wholesale supply, as well as his strong management capabilities with which he has implemented reforms in response to changes in the business environment in the Company's business operations. The Company will designate Mr. Nakagaki as the 'Independent Officer' (Independent Director), who will have no conflicting interests with general shareholders, and notify him to the listing stock exchanges (Tokyo Stock Exchange, Osaka Securities Exchange and Nagoya Stock Exchange).
- 6. While Mr. Ryuichi Tomizawa was a Member of the Board of Mitsubishi Chemical Holdings Corporation, Mitsubishi Tanabe Pharma Corporation, a consolidated subsidiary of Mitsubishi Chemical Holdings, and BIPHA CORPORATION, a consolidated subsidiary of Mitsubishi Tanabe Pharma, received administrative penalties (order for business suspension and order for business improvement), concerning violation of the Pharmaceutical Affairs Act, by the Ministry of Health, Labour and Welfare on April, 2010. He properly responded to the administrative penalties, aimed at ensuring compliance with the law and preventing recurrence of similar incidents. In addition, while Mr. Tomizawa was a Outside Director of TAIYO NIPPON SANSO CORPORATION, the company received administrative penalties (cease and desist order and surcharge payment order)

from the Japan Fair Trade Commission in May 2011, concerning violation of the Antimonopoly Act. Mr. Tomizawa had supervised the status of compliance with the law through attendance to the Board of Directors meetings of the company. Since the company was suspected of violating the said Act, he has fulfilled his duties as an Outside Director, giving instructions that initiatives should be taken to prevent recurrence of similar incidents, including enhancement of the compliance system.

#### Proposal No. 3: Election of Two (2) Corporate Auditors

The term of office of the current Corporate Auditor Yukio Masuda ends and the current Corporate Auditor Shoji Mori retires from office at the conclusion of this Annual Shareholders Meeting. Accordingly, we hereby propose the election of two (2) Corporate Auditors.

The nominees for the Corporate Auditors are as follows.

The Board of Corporate Auditors has already given its prior consent to the submission of this proposal.

No.	Name (Date of birth)	Card		maries and position in the Company nportant concurrent posts]	Number of the Company's shares held

Notes: 1. There is no special interest between the nominees for Corporate Auditors and the Company.
2. The nominees with an asterisk are nominees for Corporate Auditors to be newly appointed.

- 3. The nominees for Outside Corporate Auditors are: Mr. Yukio Masuda and Mr. Yoshihiko
- 4. Reasons for our nomination of these two individuals as Outside Corporate Auditors and the tenures as the Outside Corporate Auditors of the Company are as follows:

- (1) Since Mr. Masuda became an Outside Corporate Auditor, he has been offering appropriate opinions both at meetings of the Board of Directors and the Board of Corporate Auditors. Although he will serve out his four-year tenure as an Outside Corporate Auditor as of the conclusion of this Annual Shareholders Meeting, we propose that he be reappointed as an Outside Corporate Auditor so that the Group can continue to make use of his management capabilities nurtured at a major trading company, his experience at the company, and his deep insights into the energy business for the Company's audit. The Company designates Mr. Sato as the 'Independent Officer' (Independent Corporate Auditor), who will not have conflicting interests with general shareholders, and notified him to the listing stock exchanges (Tokyo Stock Exchange, Osaka Securities Exchange and Nagoya Stock Exchange).
- (2) We propose that Mr. Yoshihiko Morita be appointed as an Outside Corporate Auditor to allow the Company to make use of his broad cosmopolitan outlook and experience nurtured in the fields of international finance and overseas economic cooperation in the Company's auditing. The Company will designate Mr. Morita as the 'Independent Officer' (Independent Corporate Auditor), who will have no conflicting interests with general shareholders, and notify him to the listing stock exchanges (Tokyo Stock Exchange, Osaka Securities Exchange and Nagoya Stock Exchange).
