The Largest Daily Gas Supply Volume record on January 15th, 2014 Tokyo Gas Co., Ltd.

Daily gas supply volume of Tokyo Gas (President: Mr. Tsuyoshi Okamoto) on Wednesday, January 15th, 2014 was 59.05 million cubic meters, which has broken the past record (57.29 million cubic meters on Wednesday, January 16th, 2013).

As the weather on Wednesday, January 15th was cloudy, and the average temperature of January 15th was 3.0 degrees Celsius, 3.1 degrees below the average year, the demand for space and heating water was increased. In addition, the largest daily gas supply was recorded due to the development of new demands following the commencement of new trunk lines and to the increased demand for power generation, etc.
