Birdsboro Natural Gas-Fired Power Plant in the U.S. Starts Commercial Operations

Tokyo Gas Co., Ltd.
Tokyo Gas America Ltd.

Tokyo Gas America Ltd., (hereinafter “Tokyo Gas America”) a wholly owned subsidiary of Tokyo Gas Co., Ltd., is pleased to announce that the Birdsboro Power Plant (hereinafter “Birdsboro”) started its commercial operation on May 30th, 2019. Tokyo Gas America has acquired 33.33% of the interests in the Birdsboro on April 18th, 2017.

Birdsboro is a 488MW natural gas-fired combined cycle power plant which will use highly efficient new turbines located in Birdsboro, Pennsylvania. Birdsboro delivers energy into the PJM interconnection in the northeastern US after the commercial operation date.

Tokyo Gas Group will continue to utilize its technologies and expertise in the broader energy business on behalf of customers operating in Southeast Asia and North America. It is our continued mission to provide energy solutions to our customers, while engaging in local infrastructure development. The group is also taking up the challenge of value chain development in each region, including the formation of partnerships with local energy companies.
