

Commencing Acceptance of Applications for New Electricity Rate Plan, “Moraeru Denki,” for
Which Subscribers Will Receive an Amazon Gift Card Every Month
—Tokyo Gas’ First Sales of Low-pressure Electric Power Outside the Kanto Area—

Tokyo Gas Co., Ltd. (President: UCHIDA Takashi, "Tokyo Gas") announced it will begin accepting applications from customers with an Amazon account starting today for a new electricity rate plan, “Moraeru Denki” (herein after the “plan”) for the use of low-pressure electric power in the Kanto, Chubu and Hokkaido areas*1. Under this new plan, depending on the monthly electric power rate, the subscriber will receive an Amazon gift card.

This is the first time Tokyo Gas will sell low-pressure electric power outside of the Kanto area. The company plans to consider the expansion of these sales to other applicable areas, with focus on deploying sales nationwide. In addition, this is the first time the company will offer a menu*2 that corresponds with rates set for each time slot.

The following are two features of the plan.

- (1) Amazon Pay will be used as the payment method. Eligible customers can easily and speedily apply or complete payment using a specially set up website.
- (2) An Amazon gift card, worth up to a maximum of 5% of electric power rate paid by the customer (plan subscriber), will be redeemed to the customer’s Amazon account each month)

*1: In the Kanto area, this points to the power transmission and distribution area of TEPCO Power Grid, Inc. (hereinafter the TEPCO area). In the Chubu area, this points to the power transmission and distribution area of Chubu Electric Power Grid Co., Inc. (hereinafter the Chubu Electric Power area), and in the Hokkaido area this points to the power transmission and distribution area of Hokkaido Electric Power Network, Inc. (hereinafter the Hokkaido Electric Power area).

*2: This menu will be provided in the TEPCO area. The target customers are those who have signed up for "Smart Life Plan" and "Smart Life Plan S/L" provided mainly for all-electric homes by TEPCO Energy Partner Co., Ltd.

Summary of the plan

In the Tokyo Gas Group FY2020 - 2022 Medium-Term Management Plan, the company has set its goal for electric power customers at 3.8 million. To achieve this goal, the Group plans to undertake the development of a new business model via co-creation with business partners. The Group also aims to contribute to the realization of a prosperous life for customers and an improvement in business value through the provision of gas, electric power and services.
