

Boundary: Tokyo Gas Co., Ltd. and 43 consolidated subsidiaries in Japan\*

Period: FY2021 (April 1, 2021 to March 31, 2022)

\*Tokyo Gas and its consolidated subsidiaries (43 companies), excluding companies that do not generate energy use or have a small environmental impact and for which it is difficult to ascertain data, and overseas companies that are tenants. For the calculation of greenhouse gas emissions only, an overseas consolidated subsidiary (1 company) was added to the companies covered. The number of companies included in the calculation differs from year to year due to company mergers and other factors.
